

Camp Staff

While each of our coaches boasts an impressive resume, big names aren't the reason coaches, parents and swimmers choose us. They choose CollegeSwimming Camps in part because it offers one of the lowest camper-staff ratios in the country. Moreover, a low turnover rate means newcomers work directly with an experienced staff and returners can look forward to a familiar face.

Carthage men's coach **GREG EARHART** founded CollegeSwimming Camps with an eye towards breaking the mold of other camps he had seen across the country. Greg has led the Carthage men's team to six CCIW titles, and helped build Big Ten Championship programs at both Indiana and Minnesota.

Named by Swimming World Magazine as one of the nation's rising coaching talents, Carthage women's coach **BETH DE LA ROSBY** has led the Lady Reds to three top-ten finishes at the NCAA Championships. An All-American sprinter at Gustavus Adolphus, DeLaRosby has been a part of camps throughout the Midwest and

Northeast.

Our coaching staff includes Hendrix Head Coach Dan Lloyd. Dan has helped the Thunder to three CCIW titles and has worked with numerous Olympians at both Club Wolverine and the Josh Davis' Ultimate Swim Camp.

Before she was named to establish Tiffin University's new program, Rita Kalmikova was an assistant at Western Kentucky. Rita is a two-time Olympian and last summer Claire Donahue, one of her former swimmers, won an Olympic Gold Medal.

Western Illinois head coach Greg Naumann has enjoyed success at all levels. Greg got his start as head coach at Augustana before developing several NCAA Division II champions at Truman State. Now he's returned to Division I where he is revitalizing his alma mater.

Amanda Croix's first experience at camp was as a camper. Since then she's gone onto a successful career in the water an on deck. At Carthage Amanda won an NCAA title and qualified for the 2012 Olympic Trials. She then went onto coaching at the United States Military Academy in West Point before returning to Carthage as an assistant.

Our staff is rounded out with a team mature (but fun) counselors who provide 24-hour supervision.

"If every swimmer is different, why are most swim camps the same?"

CAMP PHILOSOPHY

Hundreds of colleges and universities offer swim camps each summer., but when you look closely, there's really not much difference.

We knew there was a better way to help coaches, swimmers and their parents reach their goals so we asked, **"What should a swim camp look like?"** We decided it should:

- Be more than just fun. It should challenge swimmers to achieve something new;
- Work with swimmers' own coaches to identify each of their needs;
- Be located on a small, safe campus with outstanding facilities;
- Provide unmatched individual instruction through an exceptionally low camper-staff ratio; and
- Give swimmers the opportunity to put their skills to use in a legitimate meet.

CAMP HIGHLIGHTS

Tuition covers all coaching, lodging, meals, shirt and small gift, but it also includes:

A REAL Meet.

Our camp trials are approved by USA Swimming. In the past two years campers have achieved 40 State and 105 Regional Times. Two swims ranked first in the nation!

Two Water Sessions

One focuses on technique and skills. The second is built around racing and overcoming challenges.

Individual Video Critique

Each coach is issued an iPad. With it they offer campers daily above and below-water critiques on each of the four strokes. Videos are then posted online for review by coaches back home.

Team Building

Each camp includes a weeklong teambuilding competition where older campers begin building leadership skills while younger campers learn to work as a team.

Online Updates

Parents, friends, coaches and even grandparents can follow along with camp through updates posted to Facebook throughout each day.

REGISTRATION & DATES

Tuition for camps is \$670 per week. A deposit of \$370 is due upon enrollment with the balance along with health and evaluation forms due by May 15th. Visit us online for different perks or discounts .

CAMP LOCATION

Carthage College is located in Kenosha, Wisconsin. Carthage is easily accessible being just an hour from Chicago and forty minutes from Milwaukee.

Carthage's stunning Koenitzer Aquatic Center is just two minutes from the residence halls and is connected to the modern Tarble Athletic Arena .
