

COACH EVALUATION

Coach-

One of your swimmers has registered for this summer's CollegeSwimming Camps at Carthage College. We some coaches are reluctant to have their kids attend summer swim camps, and thank you for the opportunity to work with your swimmers.

We want to make sure coaches can feel comfortable knowing their kids will be challenged, will be well-coached, and will be working on things YOU think are important to their development.

Could you please take a moment to complete a brief evaluation of your swimmer? This will help us ensure that we place him/ her appropriately, focus on areas YOU feel are improvement, and compliment your training.
